Thorax Workshops Program

Al Mouwasat University Hospital, Damascuss

27,28,29,30 October 2025

Prof. Bassam DARWISH

Prof. Jalal ASSOUAD

Prof. Houssam ALBARDAN

Dr Khuder ALAGHA

Prof. Abdul Monem HAMID

PULMONOLOGY WORKSHOP

Syria : Pr Bassam DARWISH 00963944537200

France : Pr Jalal ASSOUAD 0033607400116

DAY 1 - Monday 27th October

09:00-13:00 Mediastinoscopy VS EBUS (pulmonologists and surgeons)

Pr Bassam DARWISH. Pr Jalal ASSOUAD. Dr Ayman ALBAIK. Dr Khuder ALAGHA

- Morning Clinical Case Staff
- Anatomy of the lung and mediastinum
- Mediastinoscopy – Indications, techniques, and complications
- EBUS and Cryobiopsi
- Training on bronchoscopy model for junior

DAY 2 – Tuesday 28th October

09:00-13:00 Sleep Apnea

Dr Abdul Munim SHBAT. Dr Baihas JARJOUR

- Morning Clinical Case Staff
- Sleep studies interpretation
- CPAP VS Mandibular advancement device
- Polygraph use and interpretation. Training polygraph SAMOA LOWENSTEIN
- Training Bronchoscopy

DAY 3 - Wednesday. 29th October

09:00-13:00 Pleural Ultrasound & Non invasive Ventilation

Dr Haitham OWEIS. Dr Ayman ALBAIK

- Morning Clinical Case Staff
- Home ventilation, non-invasive support
- Update: Non-invasive ventilation strategies (COPD, neuromuscular disease)
- Pleural ultrasound – Techniques and case-based review

DAY 4 - Thursday, 30th October

09:00-13:00 Pulmonology Update

Prof. Abdul Monem HAMID

- Morning Clinical Case Staff
- Interstitial pneumonia and pulmonary fibrosis – Imaging and therapy updates
- Severe asthma – Biologics and phenotypes
- COPD – Exacerbation prevention and new therapies

THORACIQUE SURGERY WORKSHOP

Syrie : Pr Hussam ALBARDAN 00963944344055

France : Dr Khuder ALAGHA 0033682344667

Prof. Abdul Monem HAMID 0033615016007

DAY 1 - Monday 27th October

09:00 – 13:00 Mediastinoscopy VS EBUS (pulmonologists and surgeons)

Pr Bassam DARWISH. Pr Jalal ASSOUD. Dr Ayman ALBAIK. Dr Khuder ALAGHA

- Morning Clinical Case Staff
- Anatomy of the lung and mediastinum
- Mediastinoscopy – Indications, techniques, and complications
- EBUS and Cryobiopsy
- Training on bronchoscopy model for junior

DAY 2 – Tuesday 28th October

Segmentectomy

Pr Bassam DARWISH. Pr Jalal ASSOUD.

- Indications Pr ASSOUD
- Planning and use of 3D imaging Pr ASSOUD
- Surgical technique Pr DARWISH
- Complications Pr ASSOUD

DAY 3 - Wednesday 29th October

Robotic surgery

Pr Bassam DARWISH. Pr Jalal ASSOUD.

- Chest trauma and deformities
- Definition Pr DARWISH
- Comprehensive medical care Pr DARWISH
- Surgical technique Pr ASSOUD and Pr DARWISH
- Correcting thoracic deformities : Orthopedic surgical techniques, Prosthetic surgical technique and prosthetic correction Pr DARWISH Pr ASSOUD

Cardiac and cardiac surgery Workshops Program

Damascus Hospital (Al Moushtahed)

Damascus, 29th October 2025

Dr. Khaled HAMZEH
Dr Ghayath ALAGHA
Dr Hala ALHARIRI
Dr Eyad FADEL
Dr Souheil ALSAGHEER
Dr. Houssam KHOUDR
Dr Ammar AKID
Dr. Ousama AL HABASH

DAY 1 - Monday 27th October **Damascus Hospital of Cardiology and Cardiac Surgery**

09:00-10:30

- Aortic valve and aortic route reconstruction+ Ozaki (cardiac surgeons)

11:00-12:30

- 4D Echography (Dr Hala ALHARIRI)

DAY 2 – Tuesday 28th October **Damascus Hospital of Cardiology and Cardiac Surgery**

09:00 – 10:30

- Round table + case reports

11:00- 12:30

- Pain management in thoracic and cardiac surgery (Dr Eyad FADEL)

DAY 3-Wesndesday 29th October **Damascus Hospital (Al Moushtahed)**

09:00 – 10:30

- Cardiac arrhythmias (Dr Mouhamed GHAZI, Dr Majed NASSAR Dr Souheil ALSAGHEER)

11:00-12:30

- Round table, case reports (Dr Souheil ALSAGHEER)

Vascular and Endovascular surgery Workshops Program

National University Hospital
in Damascus, 27 October 2025

Aleppo University Hospital, 28 October 2025

It is a provisional program that will be validated after discussion,
and having the opinions of the different vascular surgeons

Dr Mohamad Ali NAHAS
Dr Husien ALKANJ
Dr Louy ALNAJJAR
Dr Marwan ALAARAJ
Dr Wael HABIB
Dr Jubran DURBAS

DAY 1 - Monday 27th October **National University Hospital, Damascus**

09:00-12:00 | DUPLEX ULTRASOUND WORKSHOP

- Pelvic Veins Doppler Ultrasound – Dr. Loay Tarazi
- Visceral Arteries Doppler Ultrasound – Dr. Samir Haffar

14:00-18:00 | ENDOVASCULAR WORKSHOP

- Percutaneous Closure Systems – Dr. Louy Alnajjar
- Thrombolysis in Acute Limb Ischemia – Dr. Jubran Durbas
- EVAR (Endovascular Aortic Repair) – Dr. Marwan Alaaraj
- Radiofrequency Treatment of Varicose Veins – Dr. Ahmad ZAITOUN

DAY 2 - Tuesday 28th October **Aleppo University Hospital**

09:00-12:00 | DUPLEX ULTRASOUND WORKSHOP

- Carotid Ultrasound – Dr. Marwan Alaaraj

14:00-18:00 | ENDOVASCULAR WORKSHOP

- Percutaneous Closure Systems – Dr. Jubran Durbas
- Thrombolysis in Acute Limb Ischemia – Dr. Jubran Durbas
- EVAR (Endovascular Aortic Repair) – Dr. Marwan Alaaraj

Urology Workshops Program

Al Mouwasat University Hospital
Kidney Hospital Damascuss
27,28 October 2025

Aide, Formation, Santé

Dr Fayez ADAWI +33 6 08 45 78 42

Dr Mazen ZAITOUNA +3358231022

Dr Mouhammad ALTAWIL +963 932 485 780

Dr Moataz SHEHADE +963964453566

DAY 1 - Monday 27th October (Kidney Hospital)

09:00-14:00

- Total laparoscopic nephrectomy

15:00-18:00

- Round table: Laparoscopic and robotic radical prostatectomy and nephrectomy

DAY 2 - Tuesday 28th October (Almuasat Hospital)

09:00-14:00

- Ureterflexible fibroscope ureterosouples

15:00-18:00

- Round table : laser lithotripsy

Neurology & Neurosurgery Workshops Program

Al Mouwasat University Hospital Damascus,
October 25th, 2025

UMPSF
Aide, Formation, Santé

Dr Azhar ABDULNAYEF
Dr Rami SAHLOUL
Dr Osama JEDID
Dr Oussama SAHLOUL
Dr Amer AL NAJJAR
Dr Tayssir DEBAISSE

Syria : Dr Osama JEDID 00963988575484

France : Dr Oussama SAHLOUL 0033603282517 sahloulo@hotmail.fr

Saturday 25th October

Workshops I: Neurological Case Studies

Workshops II: Neurosurgical Case Studies

**Workshops III: EMG of the Brachial Plexus – Diagnostic
Approach and Differential Diagnoses**

**Workshops IV: Toxins and Clinical Applications
Discussion and Conclusion**

Gastro entereology and liver diseases Workshop Program

Deir Ezzor, 28-29 October 2025

Lattakia, 30 October 2025

From France

Dr.Mazen MALLA OSMAN

Dr.Ahmad ALBAROUDI

Dr.Shatha ISTANBOLI

Dr.Shifaa HIBA

From Syria

Dr.Raad AALFARAJ

Dr.Qutaiba S.Ahmad

DAY 1&2 - 28&29 October National Hospital in Der Ezzor

- Outpatient consultations & diagnostic and therapeutic endoscopy Drs: MALLA OSMAN, HIBA, ALFARAJ
- Endoscopic video-capsule , aided by Artificial Intelligence Dr.MALLA OSMAN
- Fibroscan and Liver management Dr.ALBAROUDI

DAY 3 - 30 October LATAKIA UNIVERSITY HOSPITAL

- Fibroscan and liver management Dr.ALBAROUDI
- Endoscopic video capsule Dr.ISTANBOLI
- Bariatric and Metabolic endoscopy Dr.MALLA OSMAN

General and digestive surgery Workshops Program

Al Mouwasat University Hospital
National University Hospital
Damascus, 27,28 October 2025

Dr Maher AL MUBARAK. France 0695973166
Dr Samer Sara. Syria 0930149919

Monday 27th

9h00-12h00

- Breast and sentinel lymph node surgery, Almouwasat hospital

13h30-15h00

- Round table : SLN indications and limits.
The multidisciplinary team approach in cancer patients, Almouwasat hospital

Tuesday 28th

9h00-12h00

- modern minimal invasive surgery in proctology (laser and Doppler ligation) (instruments needed !) ; ALMOUWASAT
- laparoscopic hernia repair (instruments needed!) ALMOUWASAT

13h30-16:00

- Round table : sarcoma surgery, quality standards in surgery dept.
ALMOUWASAT

Oncology Workshop Program with the French European Medical Society

Al-Bairouni University Hospital
Damascus, 27 – 28 – 29 October

Monday 27

10:00-10:30 am

- Full Neoadjuvant in Rectal Cancer – Dr. Manal Qahwaji (Head of Gastrointestinal Tumors Unit).

10:30-11:30 am:

- Round table and discussion.

Tuesday 28

10:00-10:30 am

- Neoadjuvant in Soft Tissue Sarcoma – Dr. Hazem Kseri (MD – Specialist Medical Oncologist).

10:30 – 11:30 am:

- Round table and discussion.

Wednesday 29

10:00-10:30 am

- Neoadjuvant in Breast Cancer – Dr. Malek Hmedi (Head of Bone and Soft-tissue Tumors Unit).

10:30-11:30 am

- Round table and discussion.

Orthopédic & Traumatology Surgery Workshops Programme

National University Hospital of Damascus,
Al Mowasat university hospital

October 27th, 2025

Dr. Iskandar Yasser, Syria, +963933769057

Dr.Dagstany Gehad, Syria, +963933637073. dahestin@hotmail.com

Dr Mahmoud Mazen,France, +3362533027. mazen0803@gmail.com

Monday 27th October 2025

National university hospital of Damascus

09:00-12:00

Workshop I:

Perioperative & chronic pain management in orthopedic surgery Dr. Fadel Eyad,
MD,Phd, NUH-Damascus

Workshop II :

Fundamentals of Knee arthroscopy

Dr. Mehyar Hmidouch , NUH-Damascus

Dr.Dagstany Gehad , Md, Phd , Head of Orthopedic Surgery, NUH-Damascus

Workshop III :

Approach to lytic lesion in the distal femur(Case report) Dr Alasaad Hakam ,
MD,Phd, NUH- Damascus

Monday 27th, Tuesday 28th, Wednesday 29th

National University Hospital of Damascus

Workshop

Teamwork between Anaesthesiologists et Orthopedics surgeons

- Applications of Radio frequency Ablation inUltrasound and fluoroscopy technique (CUF technique): How i do it
- Multimodal pain management (AQ159)

Dr. Nojoi Fajr Rekmani, Md, Phd, Head of department of anesthesiology NUH-Damascus

Dr. Fadel Eyad, MD,Phd, NUH- Damascus

UMPSF
Aide, Formation, Santé

Obstetrics and Gynaecology Workshop Program

Damascus University Maternity Hospital, Obstetrical Ultrasound and Fetal Medicine

Date	Time	Dr KHALAF Mohamad, Mr Mohamed Bashir Mottwali
25/10/2025	9h00-13h00	Technical Aspects in Fetal Ultrasound
27/10/2025	9h00-13h00	First Trimester Ultrasound and Genetics testing
28/10/2025	9h00-12h00	Anomalies scan and Fetal Growth Scan

Maternity and Children's Hospital in Latakia, Obstetrical Ultrasound and Fetal Medicine

Date	Time	Dr KHALAF Mohamad, Mr Mohamed Bashir Mottwali
29/10/2025	9h00-13h00	First Trimester Ultrasound and Genetics testing
30/10/2025	9h00-13h00	Anomalies scan and Fetal Growth Scan

Damascus University Maternity Hospital, Gynaecologic Ultrasound

Date	Time	Dr Asma Raslan
25/10/2025	9h00-13h00	Technical Aspects in Gynaecological Ultrasound
27/10/2025	9h00-13h00	Cervix and Uterus Ultrasound
28/10/2025	9h00-12h00	Ovarian Ultrasound and Endometriosis

Maternity and Children's Hospital in Latakia, Gynaecologic Ultrasound and Laparoscopic Surgery

Date	Time	Dr Asma Raslan
29/10/2025	9h00-13h00	Laparoscopic Surgery
30/10/2025	9h00-13h00	Ovarian Ultrasound and Endometriosis

Pediatrics Workshops Program

Al Mouwasat University Hospital Damascuss

27,28 October 2025

Dr Maher ABBAS

Dr Ayman ALBALKHI

Dr Sawsan ALI

Dr Hayan HARIRI

Dr Rahaf IBRAHIM

Dr Myriam ZAKARIYA

DAY 1 - Monday 27th October

09:00-10:30

- Asthma diagnosis and Differential diagnosis of childhood asthma (asthma vs. ciliary dyskinesia, foreign body, obstructive upper airway conditions...)
Dr Maher ABBAS, Dr Sawsan ALI, Dr Myriam ZAKARIYA

11:00-11:45

- Interpretation of pediatric spirometry curves
Dr Maher ABBAS

11:00-13:00

- Emergency management of an acute asthma exacerbation (case-based discussion)
Dr Ayman ALBALKHI, Dr Sawsan ALI

11:45-13:00

- Food Allergy and Severe Reactions
 - a. Management of pediatric anaphylaxis (simulation with mannequins or scenarios)
 - b. Interactive case discussions: oral food challenges, allergen immunotherapy

14:00-14h30

- Maintenance Treatment (GINA) Dr Myriam ZAKARIYA

14:30-16h00

- Food Allergy and Severe Reactions
Dr Maher ABBAS, Dr Myriam ZAKARIYA

16h00

- General Discussion, Q&A and Conclusion

DAY 2 - Tuesday 28th October

Dr Hayan HARIRI, Dr Rahaf IBRAHIM

09:00-09:15 Welcome & Introduction, Presentation of learning objectives

- Contextualization of current challenges in pediatric cardiology

09:15-09:45

- Acute Heart Failure in Pediatrics

09:45-10:15

- Chronic Heart Failure in Pediatrics

10:15-10:30 Coffee Break- Networking

10:30-10:45

- Kawasaki Disease

10:45-11:15

- Pediatric Myocarditis

11:15-12:00

- Neonatal Cardiology Emergencies

12:00-12:30

- Family Therapeutic Education

12:30-13:00

- General Discussion, Q&A and Conclusion

URGENCES Workshops Program

Damas:IBN AL NAFIS : 27th October 2025

Al joulan:28th october 2025

Latakia:29th october 2025

Dar AL TAOLID

It is a provisional program that will be validated after discussion

Prof Raphaël Pitti

Dr EL ABDULLAH HASSAN

DAY 1 - Monday 27th October

08H30-09H00 ACCUEIL, Présentation

09h-11h00 Stratégie de prise en charge pratique des blessés d'urgences

- Schéma opératoire de prise en charge
- Reconnaître et évaluer la gravité d'une victime en situation d'urgence :
- Rappel des pathologies vitales en médecine urgences
- Stratégie de prise en charge des blessés sous la menace (méthode SAFE)

11h00-11h15 pause

11h30-12h30 La prise en charge de la douleur en médecine d'urgences

Évaluation, stratégie de choix de traitement, pourquoi traité la douleur, principe

12h30-13h30 présentation d'une détresse circulatoire :

- Définition de l'hypovolémie
- Principe de traitement, Abord veineux, Remplissage, PAC+/-, Culots + Chir
- Type de voies , Préparer , Quelles voies

Ventilation:

- Oxygène
- Mode d'administration de l'o2
- L.V.A , Rappel manœuvre de base
- Tête d'intubation
- Alternative
- Respirateur

13h30-15h00 Pause

15h00-15h30 choc hémorragique :

- identifier un choc hémorragique
- instaurer immédiatement le traitement d'urgence (hémostase quand elle est
- possible, remplissage vasculaire
- connaître la physiopathologie du choc hémorragique
- stratégie thérapeutique

15h30-16h00-- Brulure et explosion

Stratégie de prise en charge

- connaître la physiopathologie d'une brulure grave

- connaître de gravité d'une brûlure
- savoir évaluer la surface corporelle brûlée
- savoir suspecter l'existence de lésion associées
- combattre l'état de choc
- combattre la détresse respiratoire
- calmer la douleur
- savoir orienter le patient

16h00-16h15 Pause

16h15-17h00 Traumatisme : crânien +rachidien, thoracique :

- prise en charge d'urgence, évaluer la gravité, signes de localisation, détresse
- respiratoire, détresse circulatoire.
- identifier un choc médullaire (neurogénique, spinal)
- connaître la physiologie du TC
- connaître les moyens d'action thérapeutique
- savoir déterminer les critères d'urgence thérapeutique
- être capable de mettre en œuvre une stratégie thérapeutique face a un TC grave
- ne pas méconnaître un traumatisme vertébro-médullaire associé
-connaître les spécificités du conditionnement de ce type de victime

17h00-17h30 -Crush syndrome

- connaître la physiopathologie c
- Stratégie de prise en charge

17h30-18h00 Synthèse, Remise des attestations

Ophthalmology Workshops Program

27,29,30 October 2025

Join Our Hands-On Ophthalmology Workshops!

Enhance your skills and gain practical insights from experienced specialists in three exclusive workshops

1) Penetrating Keratoplasty: Wet Lab

Facilitator: Dr. Sami Saad (FR)

Monday, October 27, 2025

+33 634 08 26 91

- Hands-on training in advanced corneal transplant techniques.
- Learn step-by-step surgical approaches in a wet lab environment.

2) Retinoblastoma Workshop

Facilitator: Prof. Dr. Arwa Azmeh (SYR)

Wednesday, October 29, 2025

+963 944 36 37 03

- Comprehensive insights into the diagnosis and management of retinoblastoma.
- Case-based discussions and interactive clinical approaches.

3) Trabeculectomy Wet Lab

Facilitator: Dr. Obeda Kailani (GB)

- Step-by-step surgical training in glaucoma surgery techniques.
- Practical wet lab environment for mastering trabeculectomy.

4) MSICS Wet Lab

Facilitator: Dr. Ahmad Rahal (DE)

- Manual Small Incision Cataract Surgery hands-on training.
- Practical techniques for safe and effective cataract surgery.

5) OCT: From Practice for Practice

Facilitator: Dr. Tammam Kelani (AUT)

Thursday, October 30, 2025. Hama

+43 644 3570912

- Practical applications of Optical Coherence Tomography in everyday clinical practice.
- Learn tips and tricks directly from real case studies.

Why Attend?

- Hands-on experience and interactive learning.
- Direct guidance from leading ophthalmology experts.
- Certificate of participation for all attendees.

Register now and secure your spot!

(Free for resident doctors, registration required via the conference)

RADIOLOGY WORKSHOP

DEPARTMENT OF RADIOLOGY, ALMOUJTAHED HOSPITAL, DAMASCUS/SYRIA

27, 28 and 29 October 2025

For attending the Workshops : in Syria : Dr. Zaher ALHALABI : 0967310164

In France : Dr. Mazen AHMAR : 0783683735_mazenahmar71@yahoo.fr

	AM from 9h to 12 h	PM from 13h00 to 16h00
Mon 27/10	SCREENING OF HIP DYSPLASIA IN NEWBORNS Dr. Zaher ALHALABI Dr. Mazen AHMAR	BASICS IN MAMMOGRAPHY-BIRADS PRINCIPLES OF MINIMAL INTERVENTIONAL PROCEDURES HANDS ON TRAINING Dr. Ghina HINDAWI Dr. Shadi SALEEM Dr. Zaher
Tue 28/10	SCREENING OF HIP DYSPLASIA IN NEWBORNS Dr. Zaher ALHALABI Dr. Mazen AHMAR	RECIST ASSESS TREATMENT RESPONSE TOPICS AND CLINICAL CASES Dr. Ghina HINDAWI Dr. Zaher ALHALABI
